

Summary of Greenery Nursing - COVID-19 Policy/Protocols:

Following discussions with Irene Price, NHA, for Greenery Nursing and Rehab , the Company will be following the below protocols as it relates to COVID-19:

The Greenery is in compliance with the PA Dept. of Health and CDC guidelines for Nursing Homes. We currently have no visitors unless residents are on hospice.

Employees have their temperatures taken when they report for work and complete the health screening questionnaire. We are screening delivery people and anyone that enters the building.

We have ordered additional food and supplies in the event that we must quarantine. Some staff have packed clothes in their cars and have volunteered to stay at the building if necessary. We have a good supply for Personal Protective Equipment.

The Company stated they are committed to continuing dialogue as any matter(s) arise and the environment/circumstances change.
