

Wendell Young IV  
UFCW 1776KS  
President

Members,

I am writing to remind all of our members in our Northcentral and Southeast Divisions that you can access expert legal advice as a benefit of your UFCW 1776 Keystone State membership.

The law firm of McEldrew Young is our Local's legal services plan provider, and, in addition to the traditional areas of coverage, each member is entitled to 2 hours of consultation time on a wide-array of legal matters, including recent changes to the legal landscape as a result of the COVID-19 pandemic.

The firm is ready and available to help 24 hours per day, 7 days per week and is equipped to provide services remotely. Please [CLICK HERE](#) to access a memo regarding the firm's services.

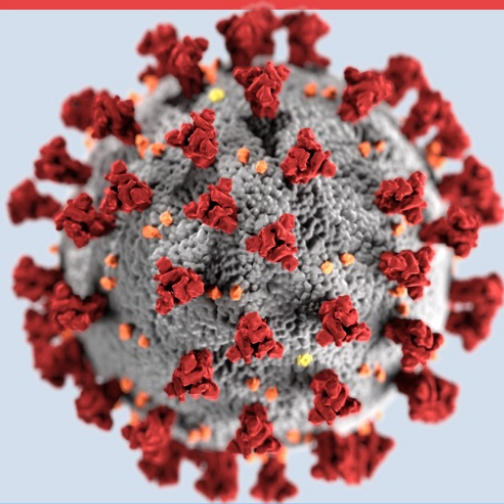

We all recognize that the COVID-19 pandemic has changed everything, including key areas of the law that could impact you and your families. I urge you to take advantage of this benefit.

Please continue to stay safe at your worksite: wear gloves and a mask. Practice social distancing and insist that your employer follow all safety protocols.

Thank you, again, for your hard work throughout this crisis.

Thank you,  
Wendell W Young IV  
President,  
UFCW Local 1776 Keystone State
