

Haymaker Shop n Save - COVID-19 Policy/Protocols:

Following discussions with Len Nosikoff, Owner, the Company will be following the below protocols as it relates to COVID-19:

The Company stated they are committed to continuing dialogue as any matter(s) arise and the environment/circumstances change.

- We have had the “plexi-glass” shields installed at the checkouts; they are cutting the last piece for service counter.
- Full face shields that you provided to the members for their use
- We have face masks that will cover the employees’ nose, mouth, and chin.
- They can choose what works best for them. They can also make their own, as long as it covers them, we are good to go.
- The shopping carts and baskets that the customers use is being “wiped down” after every use
- Being wiped down are the door handles in frozen food on the standing upright cases. Regardless if a customer has not even touched them, they are being sanitized.
- The restrooms also are being cleaned and disinfected 3 times daily.
- We have put the “safe distance” floor stickers at each register and we are rotating these registers that are used, example: lane 1-3-5.... then 2-4-6. After the rotation changes, the used space is sanitized.
- The “swipe pads” are wiped down after each customer use.
- The cashiers are provided Sani-wipes to use at their work area.
- I just order 500 individual packs from Hubert to be delivered ASAP!
- We are satisfying regulation and employee needs with what we have on hand now and another sanitizer we are using.
- We have ordered the “floor direction” stickers for each aisle, this should help direct customers, although it’s not “required” we thought it could only help.
- We reached out to WITT/Gateway to see what they have to offer as far as sanitizing areas with spray they provide. I will address this with Gary from Witt as he gets back to me.
- We know we have done what is required by state law and we certainly want to keep monitoring that, and all protocols put in place.
- We want to thank you for working with us on these things and as always, I’m available if you have any more concerns
- No customer is permitted in the store (or employee for that matter) without a mask. I don’t foresee any issue with this, it will be monitored daily.
- Also, we will suggest shopping hours for our senior customers
